Dear Patient/Visitor:

The Dental Group, PC, places a high value on both oral health and its relationship to general health. There is no question that smoking is dangerous to one's overall health, as well as to the health of the mouth. Our dentists and hygienists will be strong anti-smoking advocates.

In addition, the County of Erie, State of New York Clean Air Act mandates that this facility be smoke-free at all times.

Therefore, this letter is to courteously remind you that this dental practice is smoke-free, both indoors and outdoors. The interior of your vehicle is not subject to this ban.

If you have any questions or comments with this policy, they may be directed to Dr. Gogan.

We thank you for your cooperation with this policy, and as always, thank you for being a patient of The Dental Group.

Sincerely,

The Dental Group, PC
